THE COTTAGES AT GREAT ROCK

Surrounded by the picturesque hills and farmland of Lancaster County, Pennsylvania, our Great Rock neighborhood continues the tradition of vibrant Christ-centered living that has been the hallmark of Quarryville since its beginning. Neighborhood streets are named after hymn writers whose music has had a continuing impact on the spiritual development of God's people. Their hymns also contain the word, "Rock," referring to Christ. Join the many residents who have learned that Quarryville is a special place where neighbors become friends and friends become family.
